ABOUT US

The Stables Visitor Centre opened in October 2017 following a sensitive restoration and redevelopment by Page/Park Architects, of Stables dating from the 1760's. The project was supported by a huge number of funders and donors including Heritage Lottery Fund and Historic Environment Scotland. The Visitor Centre houses a heritage exhibition, the Tack Room Shop selling crafts and gifts by local makers and Cambo grown flowers, plants and produce. Our south carriage house hosts the Cambo Gardens café where we serve seasonal lunches and home baking featuring produce from Cambo Gardens.
